Overview:

A passionate 3D Artist with a proven ability to develop high quality, lifelike animations as well as having a solid understanding of game art and processes. Also have extensive knowledge of everything related to 3D computer graphics and a knack for quickly understanding a projects mission, vision, and values.

I have a lot to contribute to product design, dream design and ideas, design and development of characters, machines, games, tools, exhibitions, visual concept and more. In the course of practical knowledge to realize them from the tools and programs, I have learned.

Presently looking for a suitable vacancy and an opportunity to work with a team of qualified, diverse individuals who will help to develop my experience and career.
